Model:

aircraft models and applicable airworthiness regulations

Description of the Type Design Change: SkyView HDX Instrumentation and Autopilot System manufactured in accordance with Master Drawing List 103216-000, Revision A, dated March 4, 2018, or later FAA-approved revision. This modification must be installed in accordance with the applicable installation manual, maintained in accordance with the applicable instructions for continued airworthiness (ICA), and operated in accordance with the applicable airplane flight manual supplement (AFMS) as listed on AML SA02594SE.

Limitations and Conditions: Approval of this change in type design applies to the aircraft listed on AML SA02594SE only. This approval should not be extended to other aircraft of this model on which other previously approved modifications are incorporated unless it is determined by the installer that the relationship between this change and other previously approved modifications will introduce no adverse effect upon the airworthiness of that aircraft. A copy of this certificate, AML SA02594SE, and the applicable ICA and AFMS as listed on AML SA02594SE must be maintained as part of the permanent records for the modified aircraft.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.
